To Advertisers.

Advertisements are requested to hand in changes for their advertisements not later than 9:00 a. m., on the day they wish them inserted. We desire that our advertising columns be kept fresh and bright, as we know this to be one of the great secrets of success in advertising, and for this reason we give our patrons frequent changes, but we must insist on the observance of the above rule, as we cannot handle our regular complement of news when crowded with other matter in the middle of the day.

See notice of a New Mail bicycle for sale.

Dr. J. W. Ross will leave this evening or to-morrow morning on his return to Pensacola.

Society is on the qui vive for a pleasant social surprise within the next twenty-four hours.

Born to Mrs. Clarence Hollins, of Haden'sville, Ky., August 5, 1891, a daughter, Mary Frances.

M. H. Clark & Bro. have nearly completed cleaning away the debris from the Banner warehouse fire.

Mrs. Ingram returned this morning from a visit to her father's family, S. F. Mitchell, Sadersville.

Miss Ora Coleman left this morning to visit her friend, Miss Jewel Hamblough, of New Providence.

H. D. Tomlinson, of Osceola, Ark., is visiting his family, who are spending the summer in the neighborhood.

Squire Patrick, of Pencher's Mills, returned last evening from a visit to his father and new mother at Sadersville.

Rev. J. L. Sykes, in the absence of Dr. Lupton, will preach at the Presbyterian church tomorrow at both hours of service.

The Pythian Temple is rounding up to a finish ready for the roof. It is a grand, imposing building and reflects credit on the order.

An interesting protracted meeting is in progress at the Baptist church at Guthrie, conducted by Revs. Cheek and Crompton.

Wm. Warfield, Sadersville, whose illness we noted some days ago, we are sorry to hear, has relapsed and is not doing so well.

McGehee Bros. have something fresh to say in this issue, and something fresh to sell at their store. Read what they have to say, see what they have to sell.

Stratton is offering bargains all through his stock, closing out all small lots. If you don't look sharp you will lose money by not seeing these goods. aug3

L. R. Allen, of the Seventh district, reports rain badly needed in his section, the ground not having been wet thoroughly in seven weeks. Notwithstanding this, crops as a general thing look well.

A United States cruiser, from Pensacola, it is thought, will make the landing at New Providence. It is a strong current and there are big boulders at this point, but there is nothing like trusting in Providence.

FOR SALE.—A fifty two inch new Mail bicycle, nearly new, having been run less than 100 miles. Apply at this office. 8,8d&w,lv

Mrs. Julie Elliott, wife of Geo. H. Elliott, near Port Royal, died last night of a tumor, aged sixty-seven years. Mrs. Elliott was a sister of R. H. Pickering, of this city, and was a most excellent lady, loved for her many noble traits.

Religious Worship.

Rev. J. B. Erwin, of Nashville, will preach at the Methodist church to-morrow morning at 11 o'clock and at 8 o'clock p. m. Mr. Erwin is regarded as one of the best preachers in the Tennessee Conference, and the public can count on two interesting sermons from him.

GONE GLIMMERING.

The Free Bridge Resolution Tabled by the City Council.

Several Interesting Items Caught From The Proceeding of the Knowing Ones Last Night.

PAID FIRE DEPARTMENT.

The Board of Mayor and Aldermen met last night subject to adjournment and immediately took hold of the free bridge question. The Recorder read the resolution offered by Alderman W. B. Young the night previous. Mr. Hurst saw no way the petition could be granted without increasing taxes and he moved to amend the resolution so as to allow the Board in 1892 to increase the valuation of real estate twelve per cent, to meet the expense. He thought it would take that much "raise" to pay the \$2,300. This created a discussion and brought out the point that the resolution, if passed, would have no effect whatever on the succeeding Board and the whole thing was put on the table.

Mayor Smith then took the floor, with F. S. Beaumont in the chair, and made a lengthy argument against the measure, and when he had concluded Dr. Northington took his seat off his desk long enough to move to table the resolution. The motion carried and the resolution was tabled.

The regular business of the Board was then taken up. A petition from the Clarksville Ice & Coal Co., asking that they be released from taxation on their ice factory plant was read. City Attorney West gave it as his opinion that under the ordinance, exempting manufacturing factories from taxation, the petition should be granted. His opinion was concurred in, and they were released.

H. C. Merritt was given a permit to repair a shop on Third street between Madison and Commerce, by putting thereon an iron roof and by making the sides of iron and brick.

H. F. Johnson was refunded \$2.50 of \$7.50 paid to get his pigs out of the pound.

The citizens of South Clarksville asked for \$10 to build a foot bridge over a gulley. It was granted and the money ordered paid to P. Farrar. Dr. Marable, from the Tenth, called attention to the miserable condition of the street car track on Greenwood avenue. Referred to the street committee.

Five dollars was appropriated to Mr. Welch for taking care of a sick man who was put off a train here some time ago.

FIRE DEPARTMENT.

The ordinance for the limited paid fire department was called up and passed final reading. It provides for the election of a chief, engineer, hose reel driver and a stroker, who are to be paid stipulated salary per month, the salary to be fixed by the Board. The chief, when he is elected, is ordered to employ fifteen men at each fire in addition to the regular force, and to pay them at the rate of 50 cents an hour for actual time worked. The department is to be under the control of the fire committee of the City Council. No elections were made last night, but the volunteer company will continue in service until the new department is put in operation, which will be in a short while.

F. S. Beaumont, R. E. Gilbert and Dr. Northington were appointed a committee to buy a horse and harness, a hose reel and sufficient hose to fully equip the department.

The Board adjourned, after thanking M. H. Clark for a supply of palm leaf fans.

Sango Sayings.

We are needing rain.

Very few tobacco worms so far. Rev. J. B. Stevens, the evangelist, is now holding a meeting at McAdow church. Immense crowds attend daily; several have professed faith in Christ. Rev. Adair, of Franklin, formerly pastor of Bethel and McAdow churches, is attending the meeting.

Miss Dora Current, of Douglas, is visiting the Misses Rogers and Mrs. S. E. Halburton. Miss Margaret Ross, of Rossview, who has been visiting her grandmother, Mrs. Wm. Crouch, has returned home.

The pastor of Bethel church will preach a sermon to the children the third Sunday in August. Wm. Woodson, who has been visiting in the community, has returned home. Uncle David Lockert is attending the McAdow meeting.

CARSON.

George W. Leigh, Madison street, has an old fashioned chair that has been in the family many years. In moving it across the floor Thursday a Spanish coin about the size of a quarter, bearing the date of 1782, dropped from the seat. There is no accounting how long the coin had been concealed in the old chair or how it came there.

Mrs. Theo Plummer, of Nashville, arrived in the city this morning the guest of Mrs. W. R. Bringham at the Franklin House.

PONDY WOODS.

Primitive Baptist Association in Session Near Guthrie.

The Primitive Baptist Association met to-day at Drake's Pond church, near Guthrie, and will be in session three days. The place is more familiarly known as Pondy Woods church, and is one of the oldest churches in this country. Its history is quite interesting, and the meeting now in session will be of interest to young people who know but little about the old Baptists, the straight sect or the "peculiar people" referred to in the Bible, as they claim, and there will be a crowd of people there to-morrow from all of the surrounding country. It was at this church in an association meeting that the split in the Baptist denomination took place some fifty years ago. Several questions were up, but the chief difference was the missionary principles. Rev. Reuben Ross led the missionary wing and the fight waged warm, resulting in the missionary advocates going out, leaving the predestinarian wing in possession of the church and property. The seceding members of this church organized and worshipped for a number of years at Old Arkadelphia, near Graysville, then built a brick church at Graysville, and some years ago moved to Guthrie, where they still have a good congregation. The hard-side brethren have not prospered so well. The church has a small membership and seldom has preaching. There are but few churches of the denomination now in existence, but few preachers holding that faith. They are honest and immovable, however, in their doctrine and are generally very pious, devoted people and good citizens. Such men as the Forbs, the Bells, the Johnsons, Bryans, Dudley's, Jones and many others constituted the old church. Lovet B. Bryan, a man greatly esteemed for his christian integrity, who died recently about the age of 85 years, was the last link that connected the church with the interesting events of the past.

All of the primitive churches within 100 miles of Pondy Woods will be represented in the association, and the neighborhood will be full of visitors.

Firemen's Meeting.

The Clarksville Fire Department met in regular monthly meeting last night on the first floor of the new hall. There was a full attendance present and the routine business was soon transacted and the meeting adjourned to let the members watch the proceedings of the Board of Mayor and Aldermen up stairs.

The department is very much rejoiced at the action of the city council in providing a limited paid company, and they are willing to let the board have as much time as they want in perfecting their plan for the new department. They will hold together until the new officers are elected.

Don't throw your money away by buying old shoes that no one else would have. It takes the cost racket to cover up the defects on them when compared with Stratton's. aug3

New shoes are now on the road for Stratton. He will make his statements good in keeping fresh goods all the time, selling cheaper than the old chronic cost and clearance houses.

Y. M. C. A.

The subject for the gospel service is "The Only Gospel," Gal. 1:3-12. The meeting is held every Sabbath evening at the rooms at 3 o'clock. Edgar Fox will lead the service to-morrow.

For this week only, to replant space in the garden, choice tomatoes 50 cents per bushel. Small size at 35 cents per bushel, at Evergreen Lodge. ad&w,lv

E. Rothschild, D. A. Davis and A. Marcus, capitalists from that pushing town, Middleshoro, Ky., are at the Franklin House and will spend some time looking at Clarksville and her surroundings.

Take stock in the Tennessee National B. & L. of Clarksville. It is growing rapidly. j25,dlv

A protracted meeting will begin at Sadersville to-morrow by the pastor, Rev. Smith.
